

**Pornhub** has been caught **hosting** and **profiting** from real videos of **rape, sex trafficking, and other forms of abuse** against women and children.

The **Traffickinghub** campaign, founded by **Laila Mickelwait** and powered by the anti-trafficking organization **Exodus Cry**, is a non-religious, non-partisan effort to hold the largest porn website in the world **accountable for their actions** and to **SHUT IT DOWN**.
